

# LETTON HALL

A BIG HOUSE WITH A WARM HEART

## SCHOOL BREAKS

*From the moment you arrive at Letton Hall, you realise you are about to experience something special.*

*As I walked up the grand staircase I felt as if I was a Victorian Lady.*

**HAVE FUN!**

**EXPLORE NEW BOUNDARIES**

**WHERE HISTORY AND NATURE COMBINE**

## SCHOOL BREAKS

*Steeped in history, Letton Hall is an 18th century estate set in 10 acres of its own grounds and surrounded by the beautiful Norfolk countryside. The house really does have the wow-factor and is an ideal venue for a residential trip or day visit.*

The Centre is made up of two parts, the Main Hall and Dolphin Court (a converted stable block set around a cobbled courtyard). The buildings can be used either independently or combined.

For many children, a trip to Letton Hall is the first time away from home, without family. This safe and friendly environment offers an ideal opportunity to develop personally and socially.

Letton is a truly inspirational setting for discovering more of ourselves, other people and the world around us.

People who have stayed at Letton consistently leave behind two comments... 'Amazing' is one and 'Life changing' is the other. It is our hope that all of our guests, will return home with a sense of achievement and value, having been touched by the 'Letton experience'.
